

## APPOINTMENT NOTICE

Irish Broadband is pleased to announce the appointment of Ruairi Jennings as Commercial Manager. Ruairi has over ten years experience within the telecommunications industry in Ireland.

Ruairi joins Irish Broadband from Chorus where he was head of fixed wireless networks, having previously held the positions of telecommunications consultant at Mason Communications and systems consultant at Ericsson Ireland. Ruairi's qualifications include an MBA from the Smurfit Business School; a Masters of Engineering Science from UCD and a Bachelor of Electronic Engineering UCD.

Irish Broadband provides high-speed Internet access using wireless technology. The company obtained a telecommunications license from the Office of the Director of Telecommunications (ComReg) in mid July 2002 and began customer connection in August.

Irish Broadband is a wholly owned subsidiary of NTR plc, Irelands leading developer of private infrastructure.
